CLOUD DEVELOPER

Big Wave Data

2018- 2020

- Application development on Azure
- Microsoft fullstack development (.NET, SQL Server)
- Optimization and development of database routines
- Mobile development using geolocation technologies

LOGROS REMARCABLES

- Led presales strategy, supporting deals valued over $19M USD.
- Designed and delivered 50+ solution demos and POCs for cloud and AI platforms.
- Reduced sales cycle by redesigning processes and frameworks.
- Supported cross-functional teams (sales, engineering, delivery) in large proposals.
- Drove the technical strategy of Big Wave Data, scaling the company from 6 to nearly 30 employees in three years and supporting its successful sale for approximately $1M USD following due diligence.
